

PROFESSIONAL SUMMARY

Performance-driven Full Stack Developer with hands-on experience in building responsive and scalable web applications using React.js, HTML5, CSS3, JavaScript (ES6+), Java, Spring Boot, and MySQL. Skilled in developing reusable React components, building REST APIs, integrating frontend and backend applications, and implementing Firebase Authentication. Proficient in Spring Data JPA, CRUD operations, REST API development, database design, Responsive Web Design, Flexbox, CSS Grid, and Git/GitHub. Experienced with Vite, Vercel, Render, and modern software development workflows.

INTERNSHIPS

- Web Development Intern

2026 | Bengaluru

MR Tech Lab

 - Developed responsive and accessible web pages using HTML5, CSS3 (Flexbox/Grid), and JavaScript (ES6+).
 - Integrated REST APIs with React.js to fetch and display dynamic data.
 - Deployed frontend applications on Vercel and Render while ensuring responsive design and cross-browser compatibility.
- AI/ML & Python Intern

2023 | Bengaluru

KNOWX Innovations

 - Worked on Python-based applications, data preprocessing, and basic model testing for AI/ML projects.
 - Collaborated with the development team to maintain code, perform testing, and support software development activities.

EDUCATION

- Dr. ACS College of Engineering

2023 – 2026 | Bengaluru

Bachelor of Engineering (B.E.) in Computer Science and Engineering
- PVP Polytechnic

2020 – 2023 | Bengaluru

Diploma in Information Science and Engineering
- Vidya Priya English School

2019 – 2020 | Bengaluru

SSLC

TECHNICAL SKILLS

- Programming Languages:

Java, JavaScript (ES6), SQL
- Database:

MySQL, Firebase Realtime Database, CRUD Operations
- API and Integration:

REST APIs, Dynamic REST API Integration, JSON, Groq API
- Developer Tools:

Git, GitHub, VS Code, IntelliJ IDEA, Vercel, Render
- Frontend Development:

HTML5, CSS3, JavaScript (ES6+), React.js, JSX, React Components, Responsive Web Design, Mobile-First Design, DOM Manipulation, Flexbox, CSS Grid, Cross-Browser Compatibility, Performance Optimization, UI Development
- Backend Development:

Spring Boot, Spring Data JPA
- Authentication:

Firebase Authentication, User Authentication, Role-Based Access Control (RBAC)
- Core Concepts:

Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), UI/UX Principles

LANGUAGES

English — Working Knowledge | Kannada — Fluent

CERTIFICATIONS

- Introduction to Java – Infosys Springboard
- Cloud Computing – Infosys Springboard
- Software Engineering – Infosys Springboard
- AI and Green Skills – Edunet Foundation, Skills4Future Program

PROJECTS

ShopSphere – Full-Stack E-Commerce Web Application [↗](#)

Technologies: React.js, JavaScript (ES6+), HTML5, CSS3, Java, Spring Boot, Spring Data JPA, REST APIs, MySQL, Git

Note: Start the backend [↗](#) first (Render free tier may take 30–60 seconds to wake up), then open the frontend [↗](#) .

- Developed a responsive full-stack e-commerce web application using React.js, Spring Boot, and MySQL.
- Implemented features such as product browsing, search, cart, wishlist, user authentication, and order management.
- Built an admin dashboard to manage products, users, inventory, and orders using CRUD operations.
- Integrated the React frontend with Spring Boot REST APIs and MySQL to enable seamless data communication.

AI Exam Companion [↗](#)

Technologies: HTML5, CSS3, JavaScript (ES6+), Firebase Authentication, Groq API, JSON

- Developed a responsive AI-powered exam preparation web application using HTML5, CSS3, JavaScript, and Firebase Authentication.
- Built interactive mock tests with instant score calculation, answer validation, and performance tracking.
- Integrated the Groq API to provide an AI chatbot for answering questions and explaining concepts.
- Implemented secure user authentication with Firebase and designed a mobile-friendly, responsive user interface.

Portfolio Website [↗](#)

Technologies: React.js, Vite, JavaScript (ES6+), CSS3 (Flexbox & Grid), Vercel

- Developed a responsive personal portfolio website using React.js, HTML5, CSS3, and JavaScript (ES6+).
- Built reusable React components to showcase projects, skills, certifications, and contact information.
- Designed a clean, responsive user interface using CSS Flexbox and Grid for all screen sizes.
- Deployed the application on Vercel and managed the source code using Git and GitHub.
